SECOND SESSION OF CONSORTIUM TRAINING COURSE: MAY, 8TH

Chamber of Commerce of Seville in collaboration with STEPRI – Science and Technology Park of the University of Rijeka – organized the second session of the training course addressed to the consortium about technical aspects of the methodology to be applied during WP4.

The second iBLUE Consortium Training Course was held in Chamber of Commerce headquarters in Seville and was conducted by Boris Golob (from STEPRI), who involved all the partnership through exercises. Partners participated actively, suggesting solutions to the proposed problems and developing good ideas for business model implementation.

THIRD THEMATIC SEMINAR: MAY, 9TH

On 9th May was held the third iBLUE Thematic seminar: “The Sustainability on the yachting Sector as a Business Opportunity in Spain”. After the initial introduction of Pablo Morales from Chamber of Commerce of Seville, Lucia Cicero from University of Udine explained objectives and first results of iBLUE project. To follow, several entrepreneurs have spoken and discussed major issues of the nautical and yachting sector in Spain:
